Blog

- www.wordpress.com

Wordpress is hands down the best supported and easiest to use blogging platform. You could either get a blog at wordpress.com or have your web hosting company install it for you on your website (which we recommend).

Social Networking

It is considered best practice to have online presence at the following websites for a coherent social networking strategy as you continuously build relationships with prospects and friends;

- www.facebook.com
- www.youtube.com
- www.linkedin.com
- www.twitter.com

- www.ping.fm

Use www.ping.fm to update all major and minor social networking sites at once.

Video Blasting

- www.tubemogul.com

Use www.tubemogul.com to submit your videos to the most popular video sites at once, such as www.youtube.com, www.viddler.com, www.vimeo.com, www.metcafe.com etc.

Article Marketing

- www.ezinearticles.com

Be sure to have your articles listed on ezinearticles.com as it is probably the best know and most referenced article directory.

- www.isnare.com

Use www.isnare.com to submit your articles to thousands of article directories at once. Not only does this give your website credibility online, it also creates thousands of links back to your website which greatly enhances your website's reputation online.
